**6-12-1 STORAGE REGULATED.** It shall be unlawful to keep in any store, shop or private dwelling or property, except in approved magazine or tanks, any gun or blasting powder, dynamite, high explosives, or flammable liquid in quantity in excess of ten (10) pounds solid or five (5) gallons liquid.

**6-12-2 LOCATION.** All magazines or tanks installed above ground shall be located at least two hundred feet (200') from any dwelling, school, church, theater, hotel, apartment building, or other place of public assembly.

**6-12-3 STORAGE IN RESIDENTIAL AREA PROHIBITED.** The storage of high explosives in a residential area is prohibited. The storage of flammable liquid in residential areas is allowed only when in underground storage tanks, and there is written consent of three fourths (3/4) of the property owners within three hundred feet (300') of the property where the storage tanks are located.

**6-12-4 PERMIT TO SELL.** Anyone desiring to sell or store explosives or flammable liquid shall file with the council an application for a permit. The application shall contain a description of the material to be stored or sold, the location, and the type of container or building the material is to be stored in. The Council shall issue the permit only when all requirements are met and when the council determines the safety and welfare of the community is not endangered.

**6-12-6 CURB PUMPS PROHIBITED.** It shall be unlawful to install or operate curb pumps.

**6-12-7 USE PROHIBITED IN RESIDENTIAL BUILDINGS.** It shall be unlawful for any person, firm or corporation to establish or operate any dye works, or cleaning works in which gasoline, benzine, naphtha, or other explosive or dangerous fluids are used in any building where part is used as a residence or lodging house.
